Re: Gold Street Bypass Project Bids

#### **BACKGROUND:**

The City of Negaunee has a significant amount of infiltration into the sanitary sewer that runs from the Old Jackson Grove Park to Gold Street. The Gold Street bypass project will replace approximately 1,200 feet of sanitary sewer. Coleman Engineering prepared drawings, documents, and specifications for the project on behalf of the City. The project would begin in the Fall of 2023 and be completed in the early Spring/Summer of 2024. The bids are as follows:

Contractor	Total Bid
Smith Construction	\$ 418,000.00
Payne & Dolan	\$ 716,017.00

\$420,000 was budgeted for this project in the Sanitary Sewer Capital Outlay.

#### **RECOMMENDATION:**

It is recommended the City award the low bid to Smith Construction's in the amount of \$ 418,000.00 for the Gold Street Bypass Project with monies coming from the Sanitary Sewer Capital Outlay.

#### **ALTERNATIVE:**

None recommended.

Re:

City of Negaunee

2023 City Sewer Project

Dear Mr. Daavettila:

Coleman Engineering Company (CEC) has reviewed the bids received on June 27, 2023 for the above referenced project. CEC has prepared and attached a bid tabulation.

The apparent low bid was received from Smith Construction, Inc. in the amount of \$418,000 for the base project specified in the Contract Documents. The Contract Documents also included one (1) Alternate; the apparent low bid for the Alternate was also received from Smith Construction, Inc. in the amount of \$148,882. Submitted bid figures for the Alternate can be found on the bid tabulation. We have made inquiry as to the references and financial resources of Smith Construction, Inc. They appear to be a responsible bidder. One other bid was received from Payne and Dolan, Inc. in the amount of \$716,017 for the base bid and \$208,603.50 for Alternate A.

If the City accepts the bid received from Smith Construction, Inc., an award should be made in the amount of \$418,000 for the base bid or in the amount of \$566,882 for the base bid plus Alternate A.

If the City decides to make the award to Smith Construction, Inc., we will prepare the Notice of Award. There are requirements listed on the Notice of Award that Smith Construction, Inc. will need to fulfill prior to completion of the award process. These requirements include providing bonds and insurance certificates.

Re: Electrical Conduit Boring/Trenching Bids

#### **BACKGROUND:**

The City of Negaunee Electrical Department had solicited bids for boring four 6-inch conduits near the intersection of Iron Street and Division Street. The boring will take place in conjunction with the Downtown Streetscape Project. The conduits will carry the new distribution lines from the new substation. The Electrical Department received three bids; they are as follows:

Vendor	Total Bid
L&H Utility Contractors, Inc.	\$ 42,500.00
906 Technologies	\$ 54,999.00
J. Ranck Electric	WITHDRAWN

#### **RECOMMENDATION:**

The Electrical Department recommends the City award the lowest responsible bid to L&H Utility Contractors, Inc. in the amount of \$42,500.00.

#### **FISCAL EFFECTS:**

For 2023, this will come from the New Electrical Substation Bond. This cost was discussed with Power System Engineering and is accounted for in the New Electrical Substation Bond.

RE: Lacombe Field Sidewalk Improvement Project
Bid Award Recommendation

Dear Mr. Heffron:

GEI Consultants of Michigan, P.C. (GEI) has completed the review of bids received on Thursday, August 3, 2023, for the City of Negaunee's (CITY) above subject project. Our recommendation is to award the project to the lowest responsible bidder based on the total of all lump sums as listed in the bid form. A summary of the base bid results are as follows:

Bid Summary	
Bidder	Total Bid
Moyle Trucking & Excavating	\$92,340.00
Associated Constructors, LLC	\$126,500.00
Premeau Construction, Inc.	\$128,825.00

Three (3) proposals were received as indicated in the above Bid Summary table. All the proposals meet bidding requirements and are considered responsive. The low bid was submitted by Moyle Trucking & Excavating (Moyle). Contractor bids received are enclosed for your records and review.

All bidders included written acknowledgement of all addenda, provided a completed Basis of Bid form, and provided a list of subcontractors and suppliers. There were no mathematical errors found in the Basis of Bid forms for any bidder.

Based upon our review, the apparent low bid submitted by Moyle Trucking & Excavating out of Ishpeming, Michigan is reasonable and responsible. The bid amounts and prices listed within the Basis of Bid Form appear reasonable to successfully complete this project. GEI followed up with Sean Francis of Moyle to confirm project understanding, scope, schedule, and costs. It is our recommendation that the contract be awarded to Moyle Trucking & Excavating. The recommended total award amount is \$92,340.00. A Bid Bond was provided by Moyle.

If you have any question or comments, please contact George Meister at (906) 869-8972.

Sincerely,

GEI CONSULTANTS OF MICHIGAN, P.C.
