

Premier Polysteel Square Arch Lid Receptacles

Variety of Options Available!

Premier Polysteel offers a durable site solution for containing trash with an attractive and maintenance-free approach. Built from 100% platisol (poly-vinyl) coated steel, the natural weight of Premier Polysteel receptacles deter movement, and the sturdy base ensures it will maintain its original shape for years to come. Premier Polysteel receptacles are *completely* PVC coated with a thick (1/8" +), UV stabilized, mold and mildew resistant platisol coating which is compliant with worldwide standards. Premier Polysteel commercial outdoor furniture is built to last a lifetime in all climates. Wind, sand, salt, chlorine, rain, and snow are no match for Premier Polysteel. For these reasons we are able to offer a

20 Year Best-in-Industry Warranty!

Square Receptacle with Arch Lid and Expanded Metal Sides (liner included)

The platisol coating protects the receptacle from a harsh environment! The 1/8+ inch of platisol coating is bonded to the metal through a curing process.
